

WATER & WASTEWATER OPERATORS

Could Your Operator Licence Lead to OACETT C.Tech. Certification?

Have a Water or Wastewater Operator licence?

You may already meet some or all academic requirements for OACETT membership and C.Tech. certification.

What Licence Level Do You Hold?

WATER/WASTEWATER LEVEL IV — YES

You meet the minimum requirements for membership and **C.Tech. certification**, likely without additional courses.

WATER/WASTEWATER LEVEL II & III — YES

You meet the minimum requirements for membership and C.Tech. certification but **additional courses may be required** dependent on completion of other post-secondary studies in engineering and applied science technology.

OPERATOR-IN-TRAINING (OIT) OR LEVEL I — NOT YET

These licences **alone do not meet the minimum academic membership requirements**, but **related post-secondary studies** in applied science or engineering technology may qualify you.

***Good to know:** Many MECP Director-approved courses may satisfy OACETT's academic requirements.*

What Do I Need for C.Tech. Certification?

To be awarded C.Tech. certification, you need:

- **Education:** A **two-year diploma** in engineering and applied science technology or equivalent or suitable Level II + operator license academics.
- **Experience:** At least **two years** of technician-level work experience.
- **Professional Practice Exam:** Successful completion of the Professional Practice Exam (PPE).

Ready to Apply?

1

SCAN QR CODE AND CREATE ACCOUNT

2

START APPLICATION

Select the application for C.Tech. certification.

3

SUBMIT YOUR DOCUMENTS

Provide the required documents and pay the application fee.

What Happens Next?

Your application is reviewed.

If eligible, you will become an **Associate member** within approximately **four weeks** of applying.

Your completed file goes to the Admissions Committee.

Once all required documents and references have been received, the Admissions Committee will review your file and identify any outstanding requirements.
