

DANIEL BEE, C.E.T.
MESC: WESTERN CANDIDATE

Based on the Terms of Reference for the committee(s) for which you are applying, please describe how your skills/background make you an ideal candidate.

As an executive for the Grand Valley Chapter for 4 years, and a C.E.T for 10 years, I have developed a professional skillset which is highlighted by a broad spectrum of problem-solving skills, a demonstrable history of mentoring and support of young professionals and students, as well as providing support and recognition of the achievements of said young professionals and students. I bring a lot of energy and enthusiasm to events and group activities, balancing leadership, encouragement, and recognition. I have always been seen as approachable, friendly, and welcoming. As a big proponent of Diversity, Equity, and Inclusion, I always aim to keep all participants engaged, and all individuals needs equally respected and appreciated. I have professional experience with creation of and enacting policies, analysis of data, trends, and budgets which would support an objective and constructive approach to the progress of OACETT membership.

I am more than eager for the opportunity to interact with 5 new chapters, travel and participate in their activities and events, and find ways to work together to help the chapters, membership at large, and organization as a whole. I am eager to network with, learn from, and contribute to the Regional, and Provincial level of OACETT. Having come to know individuals like Sarah Yazdi, Julia Farner, David Terlizzi, Barry Billings, Carol Warner and Roy Sue-Wah-Sing to name a few, I have felt very welcomed and invigorated in this realm. I look forward to being involved with the MESC, learning from and looking up to Roy, and developing my skills while enhancing the landscape for Engineering Technologists in Ontario.

Please describe any relevant volunteer experience, either with OACETT or with any other organization(s).

I have been volunteering with OACETT for the last 4 years, as College Liaison, and Secretary within the Grand Valley Chapter. I participate in nearly every activity which GVC is involved in. I have spearheaded and lead events on my own and as part of sub-committees formed within the GVC. These events include family events such as family skating, African Lion Safari, and Kitchener Rangers hockey games, and more. I have participated in countless events at the Colleges such as job fairs promoting OACETT, judging the Tech Showcase, being directly involved with the creation of the OACETT Honourable Mention awards for said Tech Showcases, GoEngGirl, Technology open houses, etc. I have directly supported and encouraged the creation of the OACETT Grand Valley Student Club, the first of its kind in Ontario. I have been a big support or leader in events such as our annual GVC Golf Tournament, our recurring Pub Trivia Night, and our annual Roadside Cleanup in Kitchener Ontario. I have been in discussion and making efforts toward the creation of an all-new and exciting CPD event which is potentially too new to discuss yet, but exciting nonetheless.

Outside of OACETT, I have been a volunteer in my community as an executive board member of the softball league in our Town for 11 years. I have helped grow the ball community immensely and been a part of monumental growth in the girls ball program, more than doubling girls intake over the last 2 years. Over the years, I have coached teams in literally every age group we have, from local house league to top level rep leagues at Provincial A-division finals. Other accomplishments within the softball community involve the creation of a community based charitable day of softball including all age groups, genders, and activities geared directly toward children with disabilities. I have been intimately involved with fund raising to expand facilities and incorporate new infrastructure within the park, re-establishing an entire system, building, and equipment facility following an arson-based vandalism which resulted in the destruction of all of the above mentioned assets. In summary, I have a great deal of experience and initiative in this field, and am eager to direct my energy toward the MESC program, and OACETT as a whole.

ALEXANDRA ROSE LAUDER, C.E.T.
MESCC: WESTERN CANDIDATE

Based on the Terms of Reference for the committee(s) for which you are applying, please describe how your skills/background make you an ideal candidate.

Current volunteer with my local Grey-Bruce OACETT Chapter, TAC as an auditor, and the Sobey Bursary. I am an active, and involved volunteer on all boards I'm associated with.

Please describe any relevant volunteer experience, either with OACETT or with any other organization(s).

OACETT - executive member - current

TAC auditor - current

Sobey bursary - current

Technova - admissions committee member - 2 years ago.
